Company Profile

The GenEng Solutions mission is Achieving Outstanding Solutions with an aim to enhance client capability by building long term relationships and delivering services through a team of highly skilled professionals.

We provide services to the civil infrastructure, construction and resources sectors and to clients ranging from Local and State Government to the private sector energy and development firms.

Our focus is on building client relationships and exceeding the expectations of our clients. To do this, we draw on the expertise of RPEQ civil engineers, qualified financial and business management professionals and our highly experienced support staff. We specialise in providing services that complement the existing skills of our client’s workforce.

Being based in the Toowoomba region, we predominantly service clients across the Darling Downs, South East Queensland, South West Queensland and Wide Bay-Burnett.

PRE-QUALIFICATIONS

GenEng Solutions is a pre-qualified supplier under Local Buy and is registered on the Qld Government Engineering Consultants Scheme.

OUR QUALITY AND SAFETY FOCUS

GenEng Solutions is committed to providing a quality service to our clients. We hold third party certification for an Integrated Management System, incorporating Quality, Safety and Environment under AS/NZS ISO 9001:2015, AS/NZS 4801:2001, OHSAS 18001:2007 & ISO 14001:2015.

GenEng Solutions promotes a strong safety culture both within our firm and in our relationship with clients. We hold Public Liability insurance of \$20M and Professional Indemnity insurance of \$10M.

WORKING WITH INDUSTRY

GenEng Solutions is active within the engineering profession, including involvement with the Institute of Public Works Engineers of Australia, Queensland (IPWEAQ). Our involvement allows our staff to stay up to date on latest events within the industry and to provide input into any proposed changes. Locally, we are an active member of the Toowoomba and Surat Basin Enterprise and the Toowoomba Chamber of Commerce.
